Dear Dr Kath Murray,

Thank you for your email.

I have clarified the position with our criminal justice department and can advise the following:

In the circumstances that you describe. If the male who self-identifies as a woman were to attempt to or to penetrate the vagina, anus or mouth of a victim with their penis, Police Scotland would record this as attempted rape or rape and the male who self-identifies as a woman would be expected to be recorded as a female on relevant police systems.

I hope this is of assistance but please let me know if I can help further.

Kind regards

FOI Team
